

Potential Equity Concerns with AAM

Flight Paths & En-route Operations

- **Location and Time of Ops**
 - Neighborhood Characteristics (land use, socio-demographics, etc.)
- **Air Congestion and Ops Tempo**
- **Noise and Visual Pollution**
- **Increased Air Traffic Over Sensitive Land Uses**

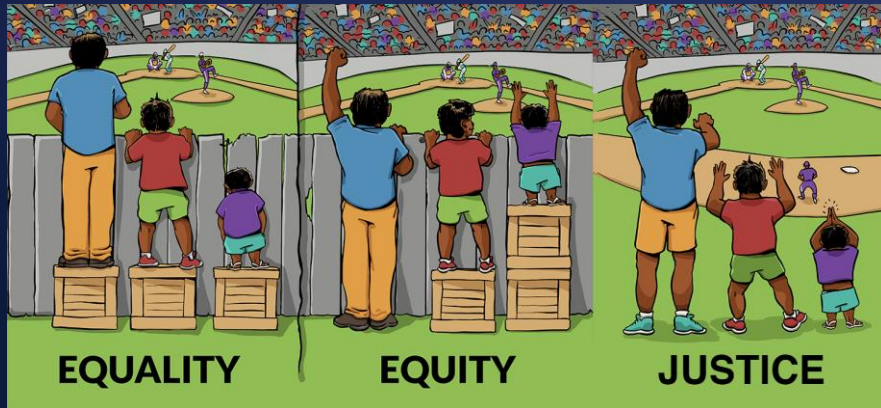

Vertiports & Aerodromes

- **Environmental Impacts of Vertiports on Vulnerable Populations and Communities**
 - Congestion (surface and air)
 - Noise, Visual Pollution & Privacy
 - Emissions / Air Quality
- **Social and Economic Impacts**
 - Gentrification
 - Displacement

Potential Equity Concerns with AAM

Service Characteristics

- Affordability
- ADA Access

Cross-cutting Issues & Other Concerns

- Environmental Justice
 - Process (full and fair participation in the planning process)
 - Outcomes (fair and equitable distribution of benefits and burdens)
- Allocation of Limited Public Resources
